Council Highlights

Council meetings of July & August, 2011

- The existing well shed north of Galahad is in very poor condition. Requests for quotes were sent to local contractors and were reviewed at the July meeting. The quote from Jamie Hynes was accepted and work will proceed in September for the demolition & cleanup of the existing shed and construction of a replacement shed.
- Oiling of Guinevere Avenue East – Flagstaff County has advised that, due to their own roadwork commitments, this project cannot be completed this year. Administration will continue to pursue alternative contractors to attempt to complete this road repair in 2011.
- The rental policy was reviewed and the following changes made: that rental charges be waived for rental of the school/ grounds for the Galahad & District Lions Club and the Galahad & District Ag Society, but, at the discretion of the group, request consideration of a ‘goodwill’ payment to cover actual costs of such rental (utilities, janitorial).
- A quote for the final phase of the repairs to the school/municipal building roof was accepted at a cost of \$14,200. Administration will submit a grant application in hopes of securing funding for the finalization of this project.

**NOTICE**

GARBAGE BINS
